1. Purpose

The purpose of this document is to provide guidance on the use of the Electronic Training Activities System (xTrain) to Institutional (external) users. For more information regarding research training and research career opportunities offered by the National Institutes of Health (NIH), please visit the Office of Extramural Research (OER) Grants Training page at <http://grants.nih.gov/training/index.htm>.

2. Scope

This document covers information relevant to Institutional or external users of the xTrain system. It provides a description of xTrain and its user roles; information on institutional training grants and training grant appointments that may be submitted through xTrain; and information on how to access and use the xTrain system.

3. Overview

What is xTrain?

xTrain is a web-based program that allows Institutional and Agency users to electronically process and track appointment forms and termination notices required for Ruth L. Kirschstein National Research Service Awards (Kirschstein-NRSA) and other training grants. The Kirschstein-NRSA website can be accessed by going to <http://grants.nih.gov/training/nrsa.htm>. The list of grant types eligible for xTrain can be found at http://era.nih.gov/services_for_applicants/other/xTrain.cfm.

Grantee institution staff can use xTrain to:

- Create, route, and submit Appointments, Re-appointments, Amendments and Termination Notices
- Track the status and timing of training actions

The xTrain interfaces are used by both NIH Electronic Research Administration (eRA) Agency (internal) and Institutional (external) users. This document encompasses xTrain capabilities available to external users. The *xTrain External User Guide* as well as additional reference material is available on the Commons Support Page: <http://era.nih.gov/commons/index.cfm>.

xTrain eliminates the need for signed paper forms, except in the following situations:

- Permanent U.S. residents must submit a signed and notarized statement certifying that they have (1) a Permanent Resident Card (USCIS Form I-551), or (2) other legal verification of such status

- Signed hard copies of *Payback Service Agreements* are required for postdoctoral trainees in their first year of Kirschstein-NRSA support

Kirschstein-NRSA Training Grants

NIH awards Kirschstein-NRSA institutional training grants (xTrain activity codes only) to eligible institutions in order to develop or enhance research-training opportunities for individuals, selected by the institution, who are training for careers in specified areas of biomedical, behavioral and clinical research. (See <http://grants.nih.gov/training/nrsa.htm>.)

The Kirschstein-NRSA program supports pre-doctoral, postdoctoral, and short-term research training, as well as limited specialized support at the pre-baccalaureate level. For more information relating to NRSA Institutional Training Grant Funding Opportunities, go to http://grants.nih.gov/training/T_Table.htm

xTrain Activity Codes

Activity Code: A three-character code used to identify a specific category of extramural research activity, applied to various funding mechanisms.

The table below shows a list of xTrain Activity Codes, including their status of implementation as of March 2009.

Activity Code	Supported
T32	Yes
T35	Yes
T90	Yes
TL1	Yes
TU2	Yes
T34	Yes (starting from June 2009 OOC Release)
T15	Yes (starting from August 2009 OOC Release)
KL2	Yes (starting from August 2009 OOC Release)
KI2	Yes (starting from August 2009 OOC Release)

Table 1: Activity Code List.

Kirschstein-NRSA Training Grant Uses

Grant funds may be used for personnel, equipment, supplies, trainee stipends (both pre and postdoctoral), and related costs.

Kirschstein-NRSA Training Grant Duration

Trainees under Kirschstein-NRSA institutional research training grants generally are appointed for full-time 12-month continuous periods. An appointment or reappointment may not exceed 12 months without prior approval by the NIH awarding office.

With the exception of specifically designated short-term research training positions, no trainee may be appointed under a regular Kirschstein-NRSA institutional research training grant for less than nine months except with the prior written approval of the NIH awarding office and then usually only to complete a planned program of training. An initial appointment of less than nine months may be allowed as long as an assurance is included that the individual will be immediately reappointed in the subsequent year so that the cumulative continuous training period is at least nine months.

All Trainees are required to pursue their research training full time, normally defined as 40 hours per week or as specified by the grantee in accordance with its own policies. Unless the NIH awarding office furnishes other instructions, the amount of the stipend, tuition, and fees for each full period of appointment must be obligated by the grantee from funds available when the individual begins training.

xTrain Forms Supported

xTrain supports electronic submission of the following forms:

- Statement of Appointment Form (PHS 2271)
- Termination Notice (PHS 416-7)
- Payback Agreement (PHS 6031)—This agreement is available for download/printing with instructions for signing and submitting the agreement via postal mail. xTrain will populate the basic information prior to printing

Form-specific information and instructions can be found at <http://grants.nih.gov/grants/forms.htm>.

xTrain External User Roles

<u>External User Role</u>	<u>Description</u>
BO (Business Official)	A Business Official has signature or other authority related to administering grantee institution training grants.
SO (Signing Official)	A grantee institution’s Signing Official has authority to legally bind a grantee institution for grant matters.
PD/PI (Program Director/Principal Investigator)	The Program Director or Principal Investigator is responsible for the overall direction of the training program and has the skills, knowledge and resources necessary to organize and implement a high quality research training program. In Commons, this role is called the PI role but is used for PDs as well. The PD/PI selects and appoints Trainees, amends appointments (when necessary), and initiates Termination Notices.
PD/PI Delegate (ASST)	An ASST user is a grantee institution individual that is delegated authority to perform Program Director/Principal Investigator xTrain training appointment functions. A user with the ASST role cannot submit appointments.
Trainee	A student or post doctorate who will be appointed as a Trainee on a training grant.

Table 2: External User Roles.

NOTE: The Signing Official (SO), Administrative Official (AO) and Accounts Administrator (AA) can grant Business Official (BO), Principal Investigator (PI) or Assistant (ASST) roles to individuals within the grantee institution. Signing Officials can also give Business Official privileges to themselves. Trainees without eRA accounts will be invited to register as part of the xTrain appointment process.

For more information on xTrain external user roles see the eRA Commons Roles list at http://era.nih.gov/files/eRA_Commons_Roles.pdf

4. Accessing xTrain

xTrain user interfaces and functionality are accessed from the Commons module. An eRA Commons account is needed in order to use xTrain.

See the *NIH eRA Commons System User Guide* and corresponding subsections listed below for details on accessing the Commons System and obtaining a Commons user account:

- System Requirements
- Accessing the Commons
- Password Policy
- Getting Help

To login to xTrain:

Login to eRA Commons at <https://commons.era.nih.gov/commons/>. If you have forgotten your password, select the **Forgot Password** link.

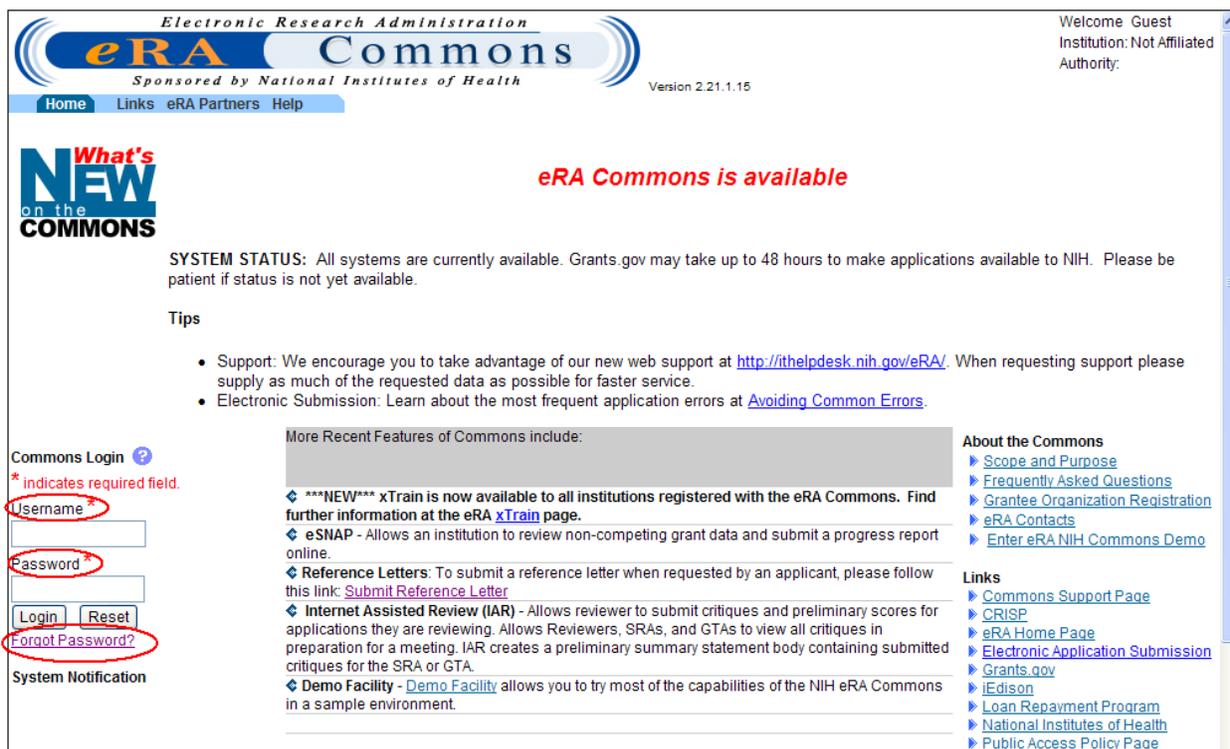

Figure 1: Commons Login Fields.

Once logged in, on the navigation bar at the top of the screen, click the **xTrain** tab.

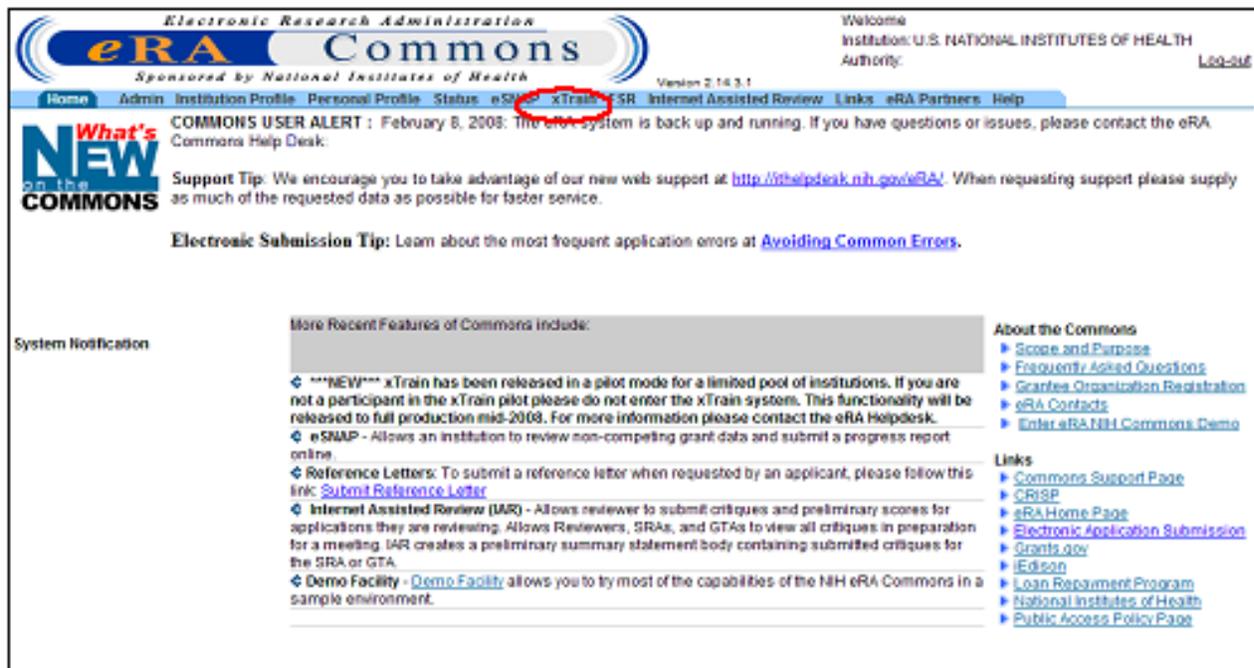

Figure 2: Commons—xTrain Link.

When accessing xTrain, the system displays the appropriate screen based on the user’s role. Table 2 below lists external user roles, the default screen displayed at xTrain access for the user role, and the page number within this document that provides an example screen image.

<u>Role</u>	<u>Default Screen Display</u>	<u>Default Screen Image</u>

ASST with xTrain delegation	My Grants	Figure 9
Trainee	Appointments and Terminations	Figure 10
SO <i>or</i> BO	List of Grants Search	Figure 11

Table 3: Initial xTrain Access

xTrain will only populate lists with grants associated with the eRA Commons account with which the user is logged in. If you have had multiple eRA Commons accounts, you may need to merge the historical information associated with your accounts.

Accessing xTrain – PD/PI

PI users are brought to the *My Grants* screen when the **xTrain** tab is selected. This screen displays all training grants for which the user is listed as being the PD/PI.

NOTE: In some circumstances, an individual may have both the PD/PI and Trainee roles. If the PD/PI was a trainee in the past, he or she will see an additional tab – My Appointments and Termination, which is discussed in the section *Accessing xTrain – Trainee*, below.

Clicking on any grant number will take the user to the *Grant Summary* page. A sample *Grant Summary* page can be found in Figure 4.

Estimated Number (#) of Trainees refers to the number of slots available for the specified training period. The *Number (#) of Accepted Appointments* refers to the number of paper or electronic appointments already accepted by the Agency for the specified training period.

NOTE: In some circumstances, an individual may have both the Trainee and PD/PI roles. If the trainee has applied for a fellowship or other award from the Agency in the past, he or she will see an additional tab – **My Grants** as discussed in section 4.1 *Accessing xTrain – PD/PI*.

Accessing xTrain – Admin (SO, BO)

After accessing xTrain, Admin users (BO, SO) are brought to the *Search for Grants* screen.

The screenshot shows the 'Search for Grants' interface. At the top, the eRA Commons logo is displayed with the text 'Electronic Research Administration' and 'Sponsored by National Institutes of Health'. The user is logged in as 'texbo50' from 'EXT UAT DEMO CORP.' with authority 'BO'. A 'Log-out' link is visible in the top right. Below the header is a navigation menu with 'xTrain' selected. The main content area is titled 'List of Grants' and contains a search form with the following fields: 'Activity Code', 'IC', 'Serial Number', 'PD Last Name', 'Project Start Date', and 'Project End Date'. There are also 'Search' and 'Clear' buttons.

Account Setup – PD/PI

eRA Commons users with the SO role or AA role can create accounts with BO, PD/PI or ASST roles or they can add these roles to existing accounts. Trainees without eRA accounts will be invited to register as part of the xTrain appointment process.

To create an eRA Commons account for a Trainee

1. PD/PI or Delegate will click **Create New Appointment** under the desired budget period they want to add Trainee.
2. Click the **Identify Trainee** link.

Processing of the 2271 form cannot be continued until the Trainee has registered. This event appears in the 2271 *Routing History*.

Account Setup – Trainee

The Program Director/Principal Investigator (PD/PI) initiates the Trainee's training appointment within the xTrain system and routes the *Appointment Form* (2271) to the Trainee. The Trainee uses xTrain to complete the form and route it back to the PD/PI with his or her electronic signature. A similar process is used again at the end of a Trainee's Appointment with a *Termination Notice*.

NOTE: Trainee must be a U.S. citizen or permanent resident at the time of the appointment.

Setting Up eRA Commons Account

If you already have an account, the Trainee role will be added, and you will be asked to update your *Personal Profile*.

If you do not have an eRA Commons account, the xTrain system will automatically send you an e-mail with a link and instructions for registering in Commons as part of the Appointment or Termination process.

```

Dear Trainee:

This is a system-generated invitation to the eRA Commons xTrain
website in connection with your participation as a Trainee for Program
Director (Name intentionally removed) on a Grant ST (Number intentionally removed)

To participate in the Appointment and/or Termination forms submission,
you will need to log on to the eRA Commons website with a user name and

Create a New Account ?

Step 1 of 3

You are creating an NIH Commons account for **Kim Estry Beaker** for the xTrain Trainee. Additionally, this account may be used in the future for other electronic interactions at the NIH. To activate your account, the following steps are required:

- 1 The form presented below must be completed.
- 2 Next, your NIH support and committee service will be presented. Note that only awarded grants and committees served, not including Special Emphasis Panels, are presented. Please help the NIH by verifying the accuracy of this information.
- 3 The last step in the process is a confirmation page.

Once you have confirmed your NIH support and committee service, the NIH will process your request. Generally, this takes the NIH 2 to 5 business days to associate all of your historical records to your new NIH Commons account. You will be notified by email when your account is activated. Be sure to remember the User Name and Password you are creating below, as you will need that information to log in when your account is activated.

Step 2 of 2

Comments on NIH
This is correct. I have never had an eRA Commons account or been involved on a previous grant.

By selecting **Complete Account Request**, NIH will verify your information and then activate your account. Generally, this takes two to five business days. You will be notified by email when the process is complete.

Step 2 of 2

*Note that you are only permitted to view public information (i.e. grants which were awarded by NIH or Review Committees for which you are serving or have already served). Only the latest support year for a particular grant is displayed.

The Trainee will receive an email within 2-5 business days indicating that their account is active.

6. Personal Profile

Each eRA Commons account has an associated *Personal Profile* screen that includes information specific to the account holder.

Personal profile information is used to pre-populate appointment and termination forms in xTrain. The xTrain system will check to ensure that you have provided all the necessary information prior to routing your xTrain forms back to the PD/PI.

Creating Personal Profile

Once an xTrain Trainee account is created (for instructions on creating a Trainee account *See* section *Account Setup*) the Trainee must log into eRA Commons and access each of the trainee specific Personal Profile pages to provide the information used to populate xTrain-related forms.

xTrain will check the Trainee's Profile during the Appointment and Termination process and will generate Errors and/or Warnings if expected information is not provided or conflicts with NIH policies for the designated type of appointment.

In order to complete their personal profile successfully, the user must enter information in each of the tabs listed below the **Personal Profile** tab:

- Personal Information
- Race/Ethnicity
- Residential Address
- Degrees/Residency
- Trainee Specific

Figure 25: Personal Profile Tab.

Carefully fill out your *Personal Profile*, paying particular attention to:

- *Personal Information* screen:
 - Gender
 - Social Security Number (SSN) – Trainees are asked to voluntarily provide the last four digits of their SSN. This helps the Agency identify you and manage your records in the eRA system.
 - Citizenship *
 - Date of Birth (DOB)

- Disabilities *
- *Race/Ethnicity* screen:
 - Race
 - Ethnicity
- Residential Address
- *Degrees/Residency* screen:
 - Enter all relevant degrees earned or in process
- *Trainee-Specific Information* screen:
 - Questions about outstanding U.S. Federal debt and disadvantaged background. Provide explanation, if necessary.
- Race/Ethnicity/Disability/Disadvantaged Background: Responses to these items will help provide statistical information on the participation of individuals from diverse groups in Agency programs and identify inequities in terms of recruitment and retention based on race, ethnicity, disability, and/or disadvantaged background.

NOTE: Items with an asterisk are required fields for trainees although they are not marked with an asterisk on the screens.

Personal Profile Fields Checked by xTrain

The xTrain system relies on having current and complete information in a trainee's personal profile in eRA Commons. If xTrain identifies an issue with invalid or missing trainee profile information, an error will be generated and it must be corrected before completing the xTrain function.

Trainees must keep their profiles up to date, paying special attention to the following fields that are checked within xTrain:

- *Personal Information* screen: gender, citizenship, disabilities, SSN (requested but not required), and date of birth.
- *Race/Ethnicity* screen: ethnicity and race(s).
- *Residential Address* screen: Trainee should provide permanent address (i.e., where trainee can be reached after the completion of the program)
- *Degrees/Residency* screen: enter all relevant degrees earned or in process, and residency information, if applicable.
- *Trainee-Specific Information* screen: answer all the required questions and provide an explanation, if necessary.

Personal Information

The following fields on the *Personal Information* screen are checked by xTrain:

- First Name
- Last Name
- DOB – Date of birth
- Citizenship
- Disabilities
- eRA Email

NOTE: The *eRA Email* field is used for xTrain notifications and the *Forgot Password* function and should be the same email address used when the user registered with eRA Commons.

The screenshot shows the 'Personal Information' form in the eRA Commons system. At the top, there is a navigation bar with links like Home, Admin, Institution Profile, Personal Profile, Status, eSNAP, xTrain, Links, eRA Partners, and Help. Below this is a sub-navigation bar with links for Personal Information, Race/Ethnicity, Employments, Reviewer Address, Residential Address, Degrees/Residency, Publications, Reference Letters, and Trainee-Specific. The main content area is titled 'Personal Information' and includes a 'Notes & Tips' section with bullet points about profile visibility, SSN, and personal information. The form itself is divided into several sections: 'Identifying Information' with fields for Name Prefix, Middle Name, Name Suffix, First Name, Last Name, SSN, and DOB; 'Gender' with a dropdown menu; 'Citizenship' with dropdowns for U.S. Citizen or Non-citizen National and Citizenship Country; and 'Disabilities' with radio buttons for 'Do you have a disability?' and checkboxes for 'Hearing', 'Visual', 'Mobility/Orthopedic Impairment', and 'Other'. The 'eRA Email' field is pre-filled with 'gl@nih.gov'. At the bottom of the form are 'Submit', 'Reset', and 'Cancel' buttons. Red circles in the original image highlight the 'First Name', 'Last Name', 'Gender', 'DOB (MM/DD/YYYY)', 'eRA Email', and 'Submit' fields.

Figure 26: Personal Information - Required Fields.

Once all information has been entered into the *Personal Profile* screen, click **Submit**.

NOTE: Because the *Personal Profile* module is used by multiple eRA services, some fields are required only in specific circumstances. In addition, not all fields that are checked are marked as required on the profile screens.

Citizenship

Check the box corresponding to your citizenship and visa status. If not a U.S. citizen, list the country of citizenship.

Kirschstein-NRSA trainees must be U.S. citizens, non-citizen nationals, or permanent residents of the United States. A noncitizen national is an individual who, although not a citizen of the United States, owes permanent allegiance to the United States. Individuals in this category are generally born in lands which are not States, but which are under U.S. sovereignty, jurisdiction, or administration (e.g., American Samoa).

Following the submission of their appointment through xTrain, trainees who are permanent residents of the U.S. must submit a signed and notarized statement certifying that they have (1) a Permanent Resident Card (USCIS Form I-551), or (2) other legal verification of such status.

Race/Ethnicity

The Race and Ethnicity tab should be selected, and the requested information supplied, after all information under the Personal Information tab has been completed.

The screenshot displays the 'Race/Ethnicity' form within the eRA Commons interface. At the top, the header includes 'Electronic Research Administration eRA Commons' and 'Sponsored by National Institutes of Health'. A navigation bar contains tabs for 'Personal Information', 'Race/Ethnicity', 'Employments', 'Reviewer Address', 'Residential Address', 'Degrees/Residency', 'Publications', 'Reference Letters', and 'Trainee-Specific'. The 'Race/Ethnicity' tab is active. The form is divided into 'Current Information' and 'New Information' sections. In the 'Current Information' section, 'Race(s):' is set to 'White' and 'Ethnicity:' is set to 'Non-Hispanic'. The 'New Information' section contains a list of checkboxes for various racial and ethnic categories: American Indian or Alaska Native, Asian, Black or African American, White (checked), Native Hawaiian or Pacific Islander, and Do Not Wish to Provide. The 'Race(s):*' and 'Ethnicity: *' labels are circled in red. At the bottom of the form are 'Submit', 'Reset', and 'Cancel' buttons.

Figure 27: Race/Ethnicity Screen.

Responses to the items on this screen will help provide statistical information on the participation of individuals from diverse groups in Public Health Service (PHS) programs and identify inequities in terms of recruitment and retention based on race, ethnicity, disability, and/or disadvantaged background.

Trainees, scholars, and participants are strongly encouraged to provide this information; however, declining to do so will in no way affect their appointments.

This information will be retained by the PHS in accordance with and protected by the Privacy Act of 1974. Racial/ethnic/disability/background data are confidential and all analyses utilizing

the data will report aggregate statistical findings only and will not identify individuals. (See the *Privacy Act Statement* for more information at <http://www.usdoj.gov/privacy-file.htm>.)

Once all information has been entered into the *Personal Profile* screen, click **Submit**.

Race

Check all of the boxes that apply or check *Do Not Wish to Provide*.

American Indian or Alaska Native: A person having origins in any of the original peoples of North, Central, or South America and maintains tribal affiliation or community.

Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American: A person having origins in any of the black racial groups of Africa. Terms such as “Haitian” or “Negro” can be used in addition to “Black or African American.”

Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White: A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Ethnicity

The user must select either *Non-Hispanic*, *Hispanic* or *Intentionally Withheld*.

Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term, “Spanish origin,” can be used in addition to “Hispanic or Latino.”

Residential Address

Trainee should provide permanent address (i.e., where trainee can be reached after the completion of the program). Give an address where the appointed individual can be reached by mail after completion of the program. Do not give present address unless it is considered permanent.

Once all information has been entered, click **Submit**.

Figure 31: Add Medical Residency Screen.

Related to degrees and residency is the Early Stage Investigator (ESI) status associated with the necessary ESI policies. In order to address both the duration of training and to protect the flux of new investigators, the NIH announced a new policy in fiscal year 2009 involving the identification of Early Stage Investigators (ESIs). ESIs are New Investigators who are within 10 years of completing their terminal research degree or within 10 years of completing their medical residency at the time they apply for R01 grants. Applications from ESIs will be given special consideration during peer review and at the time of funding. Peer reviewers will be instructed to focus more on the proposed approach than on the track record, and to expect less preliminary data than would be provided by an established investigator. To this end, degree and residency information is directly related to ESI status. For more information on new and early stage investigator policies, go to http://grants1.nih.gov/grants/new_investigators/index.htm#defearlystage

Trainee-Specific Information

The *Trainee-Specific Information* screen includes additional information required for participation in Kirschstein-NRSA research training.

Figure 32: Trainee-Specific Information Screen.

Statement of Non-delinquency on U.S. Federal Debt

A “Statement of Non-delinquency on Federal Debt” is required for each particular appointment period and is to be completed by each individual (trainee) appointed to receive financial support under a PHS institutional training grant.

If the prospective trainee is delinquent on Federal debt, the PHS must review the explanation. In such cases, the PHS shall (a) take such information into account when determining whether the prospective trainee is responsible with respect to that appointment, and (b) consider not approving the appointment until payment is made or satisfactory arrangements are made with the agency to which the debt is owed.

Therefore, it may be necessary for the PHS to contact the prospective trainee before the appointment can be approved to confirm the status of the debt and ascertain the payment arrangements for its liquidation. Individuals failing to liquidate indebtedness to the Federal Government in a businesslike manner place themselves at risk of not receiving PHS financial assistance.

The PHS awarding component shall notify the grantee institution in writing of its decision regarding the approval of a prospective appointee where this appointment discloses delinquency on Federal debt.

The trainee must check the appropriate box. If the “Yes” box is checked, please provide an explanation in the space provided.

NOTE: This question applies only to the trainee being appointed and does not apply to the Program Director submitting the form.

Examples of Federal Debt include delinquent taxes, audit disallowances, guaranteed or direct student loans, FHA loans, business loans, and other miscellaneous administrative debts. For purposes of this certification, the following definitions of “delinquency” apply:

- For direct loans and fellowships (whether awarded directly to the applicant by the Federal Government or by an institution using Federal funds), a debt more than 31 days past due on a scheduled financial payment. (This definition excludes service payback under a National Research Service Award.)
- For guaranteed and insured loans, recipients of a loan guaranteed by the Federal Government that the Federal Government has repurchased from a lender because the borrower breached the loan agreement and is in default.

Disadvantaged Background

To provide guidance in answering this question, the *Trainee-Specific Information* screen (See Figure 32) provides a link to further information on disadvantaged background.

Individuals from disadvantaged backgrounds are typically high school students or undergraduates, and:

- Come from a family with an annual income below established low-income thresholds. These thresholds are based on family size, published by the U.S. Bureau of the Census; adjusted annually for changes in the Consumer Price Index; and adjusted by the Secretary for use in all health professions programs. The Secretary periodically publishes these income levels at <http://aspe.hhs.gov/poverty/index.shtml>. For individuals from low income backgrounds, the institution must be able to demonstrate that such candidates have qualified for Federal disadvantaged assistance or that they have received any of the following student loans: Health Professional Student Loans (HPSL), Loans for Disadvantaged Student Program, or that they have received scholarships from the U.S. Department of Health and Human Services (HHS) under the “Scholarship for Individuals with Exceptional Financial Need”, or
- Come from a social, cultural, or educational environment such as that found in certain rural or inner-city environments that have demonstrably and recently directly inhibited the individual from obtaining the knowledge, skills, and abilities necessary to develop and participate in a research career.

Under extraordinary circumstances the PHS may, at its discretion, consider an individual beyond the undergraduate level to be from a disadvantaged background. Such decisions will be made on a case-by-case basis, based on appropriate documentation. Trainees beyond the undergraduate level should consult with their training grant PD/PIs for further instructions.

7. Appointments

A trainee may be appointed at any time during the grant budget period for an appointment period of 9 to 12 months, without prior approval by the NIH awarding office. Appointments can be initiated up to 30 days prior to the start of the appointment period.

At the time of the initial appointment and any subsequent reappointment, the training PD/PI must submit a Statement of Appointment to the NIH awarding office. The Statement of Appointment includes biographical and other information on the trainee and the stipend level for the period of appointment.

In addition to the Statement of Appointment, a signed Payback Agreement must be submitted for each postdoctoral trainee who is in his/her first 12 months of Kirschstein-NRSA postdoctoral support.

For more information concerning the 2271 form, *see* Appendix A – Statement of Training Appointment (Form PHS 2271).

Reappointments

Trainees whose appointments are coming to an end can be reappointed to grants that have future award years.

NOTE: Reappointments follow the same- process as Appointments.

To reappoint a Trainee:

- Access the xTrain module.
- Access the Trainee Roster screen.
- Click the **Re-Appoint 2271** link for the specific Trainee appointment line item.

Figure 57: Trainee Roster Screen—Partial View Showing the Re-Appoint 2271 Link.

The system displays the *Statement of Training Appointment* screen. There is a “Grant or Supplement Available for Re-Appointment” drop down from which the PD/PI can select the appropriate grant or supplement to which the trainee can be appointed.

The image shows a form titled 'Grant or Supplement Available for Re-Appointment'. It contains a dropdown menu with the text 'Select a grant for re-appointment' and a downward arrow. The dropdown is open, showing a list of options: 'Select a grant for re-appointment' (highlighted in blue), '5T32NS041234-08', and 'From (MM/DD/YYYY)'. Below the dropdown are two date pickers: '07/01/2007' and '06/15/2008'. At the bottom, there are input fields for '11' months and '15' days.

Figure 58: Grant or Supplement Available Dropdown.

The same routing process should be followed as with setting up an initial training appointment, by using the buttons at the bottom of the screen.

Click **Save** to save the Statement of Training Appointment Form reappointment information. Then press the **Save and Route to Trainee** button.

NOTE: All required fields must be entered before the form can be saved.

When reappointing a Trainee and the Trainee does not have a Commons User ID, the system displays the *Statement of Appointment* screen.

Fill out the Statement of Appointment then click **Save**.

System displays *Invite Trainee to Register* screen.

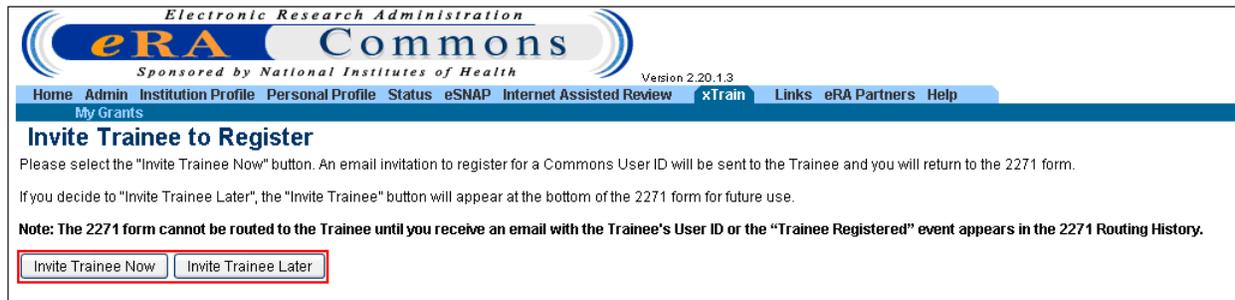

Figure 59: *Invite Trainee to Register* Screen.

The Trainee receives an e-mail that provides instructions and links for creating a Commons account. Once the Trainee’s account is created, the user performing the reappointment process receives a system-generated e-mail that includes the Trainee’s Commons User ID and can continue the Reappointment process.

Amendments

Once an appointment is accepted by the Agency, an amendment is required in order to change any of the following items:

- Name
- Permanent Mailing Address
- Appointment Period
- Support from the Grant

NOTE: Some changes, such as name or mailing address, will also need to be updated by the Trainee under Personal Profile within eRA Commons.

The user must be a PD/PI or Delegate (ASST) to amend a 2271. To open an Amendment:

1. Click the **Amend 2271** link on the *Trainee Roster* screen in xTrain.

Who Can Create/Submit Termination

xTrain users with the following eRA Commons roles can initiate a termination notice:

- Principal Investigator (PI)
- Assistant (ASST) with a PD/PI xTrain-delegated role
- Business Official (BO)

Only the BO can submit a Termination Notice (TN) to the Agency. For more information *see* Appendix B – Termination Notice (416-7 Form).

NOTE: If you terminate an appointment early, the date change is reflected after the agency processes the termination.

Create New Termination Notice – PD/PI

To create a Termination Notice as a PD/PI:

1. PD/PI logs into eRA Commons and selects the xTrain tab that displays the *My Grants* screen. PD/PI is presented with a list of his/her grants.
2. PD/PI chooses a grant and clicks on the **View Trainee Roster** link.
3. PD/PI locates trainee on the *Trainee Roster* screen and clicks the **Initiate TN** link.

- The Trainee fills out the required (*) Termination Notice (TN) information and clicks **Save & Route to PI**. The system will run a quick validation process and present any errors or warnings to be addressed by the trainee before it is routed to the PI. If all required fields are complete, the form is routed to the PI and the Trainee’s electronic signature is recorded and the Termination Status is changed to *In Progress PI*.

NOTE: The Trainee’s mailing and email address need to be ones where they can be reached after their training has been terminated.

- Additionally, the trainee should update their information in the Personal Profile section within Commons and should know how to contact the Help Desk if the list of prior Kirschstein-NRSA support is incorrect.
- The Trainee is provided an opportunity to provide comments. Comments (up to 2000 characters) will be included in an e-mail message sent to the PI. Click **Continue**.

6. Agency can **Approve** the TN, **Place on Hold**, or **Return to Institution** with comments.

9. Other Functions

Like most actions taken within the eRA Commons system, most functions are based on user roles and the associated authority as it relates to a specific role.

Delegation – ASST Role

A PD/PI can delegate to an Assistant the authority to perform all xTrain-related functions on their behalf except for the authority to submit Appointments and Reappointments to the Agency.

ASSTs with xTrain delegation can perform all other PD/PI functions prior to submission. ASSTs will receive the same e-mail notifications as the PD/PI.

eRA Commons allows PD/PIs to delegate several types of authority (e.g., PI, PPF Edit, Status, xTrain). Currently, each type of authority must be delegated separately.

The institution's Signing Official (SO) must add the ASST role to the individual's existing eRA Commons account or create an eRA Commons account with the ASST role for the individual if he/she does not already have an account.

Assign Delegation

1. PD/PI logs into eRA Commons at <https://commons.era.nih.gov/commons/>.
2. PD/PI selects the Admin tab in the blue navigation bar across the top of the screen then selects Accounts and Delegate xTrain Authority submenus.
3. PD/PI selects the user from the list of Current Institution Users to receive delegation and clicks **Assign**.

NOTE: Only Institution Users with the ASST role in eRA Commons are displayed in the list.

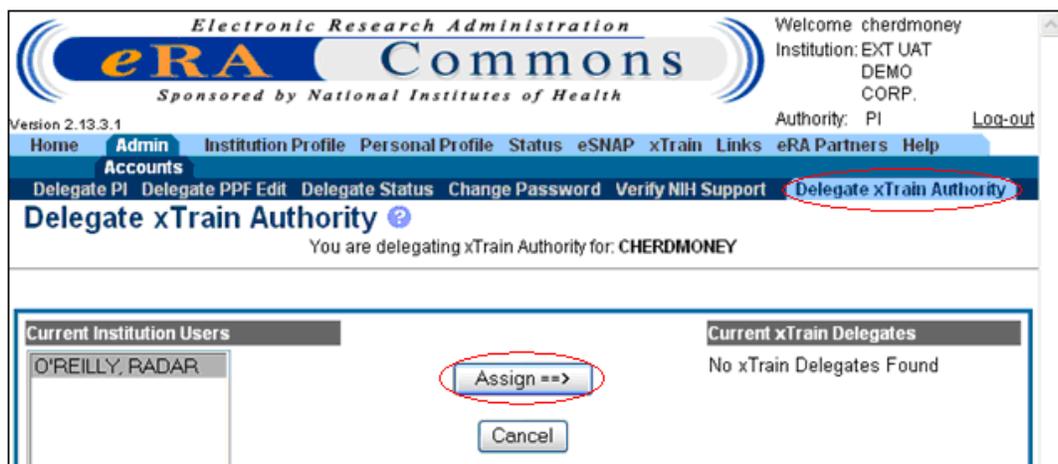

Figure 94: Delegate xTrain Authority – Assign .

PD/PI clicks the **Save** button on the *Delegate xTrain Authority Confirmation* screen to complete the action.

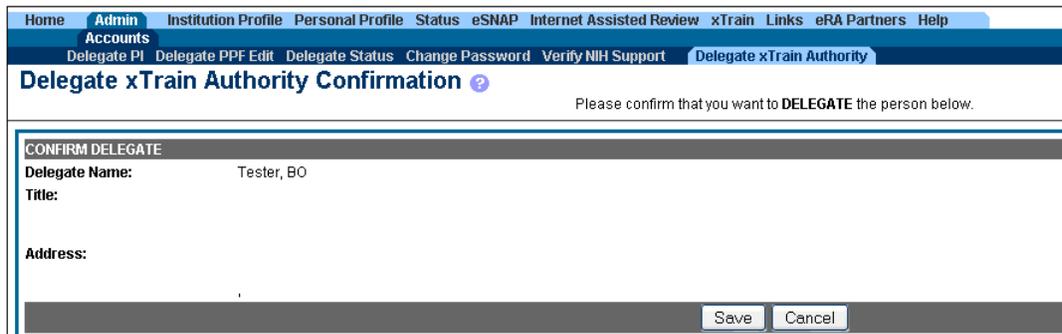

Figure 95: *Delegate xTrain Authority – Confirmation.*

Revoke Delegation

Following steps 1 and 2 above as necessary, and from the *Delegate xTrain Authority* screen, the PD/PI selects the user from the list of *Current xTrain Delegates* that will have their xTrain delegation authority removed. Once the desired person is selected click **Revoke**.

The PD/PI then clicks **Save** on the *Revoke xTrain Authority Delegate Confirmation* screen to complete the action.

Training Grants

View Training Grants for SO/BO

For users with the SO or BO roles, the *List of Grants* screen displays as shown in *Figure 97: List of Grants Search Screen* below.

To view the *List of Grants* screen:

Access the Commons system at <https://commons.era.nih.gov/commons/>.

Click the **xTrain** navigation tab. The *List of Grants* screen displays training grant query parameters.

NOTE: All projects displayed represent awarded training grants.

Viewing Training Grants for More than one PD/PI

An Assistant (ASST) can have xTrain privileges delegated from more than one PD/PI. These users can view training grants assigned/associated to each delegating PD/PI.

For an ASST with multiple delegated privileges, xTrain displays the *My Grants* screen with a drop-down box listing PD/PI names.

Select a PD/PI name from the drop-down list.

Appendix A – Statement of Training Appointment (Form PHS 2271)

Instructions for PHS 2271
Revised 11/07

Form Approved Through 11/09/2010
OMB No. 0925-0001

**U.S. Department of Health and Human Services
Public Health Service**

**Information and Instructions for Completing
Statement of Appointment (Form PHS 2271)**

The Public Health Service (PHS) estimates that it will take 15 minutes to complete this form. This includes time for reviewing the instructions, gathering needed information, and completing and reviewing the form. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. If you have comments regarding the amount of time it takes to complete this form or any other aspects of this collection of information, including suggestions for reducing this burden, send comments to: NIH, Project Clearance Office, 6705 Rockledge Drive MSC 7974, Bethesda, MD 20592-7974, ATTN: PRA (0925-0001). Do not return the completed form to this address.

I. INTRODUCTION

This form is to be used to appoint individuals as trainees to Institutional Ruth L. Kirschstein-National Service Research Award (Kirschstein-NRSA) programs (e.g., T32, T34, T35) and applicable non-NRSA institutional research training programs (e.g., T15). It can also be used to document the appointment of scholars to institutional career development awards (e.g., K12) and individual participants to research education awards (e.g., R25).

Please read carefully the following instructions, including the Privacy Act Statement at the end of this document. All items on the form must be completed unless otherwise indicated in these instructions.

II. GENERAL INSTRUCTIONS

A. Definitions:

Types of Awards

Kirschstein-NRSA. Awards that provide undergraduate, predoctoral, and postdoctoral research training support under the authority of Section 487 of the PHS Act (42 USC 288). All Kirschstein-NRSA trainees must meet specific citizenship requirements – for details, see Item 8.

Non-NRSA Research Training. Awards that provide predoctoral and postdoctoral research training support through non-NRSA funding authorities. These training programs generally do not have the same provisions and requirements as Kirschstein-NRSA awards (e.g., specific citizenship requirements).

Career Development. Awards that provide doctoral-level investigators an opportunity to enhance their research careers. Individuals appointed to institutional career development awards must meet specific citizenship requirements—for details, see Item 8.

Research Education. Awards that provide support for programs intended to attract investigators to a specific field of study. Individuals appointed to research education award

PHS 2271 (Rev. 11/07) — Instructions

Figure 110: Statement of Training Appointment (Form PHS 2271) Instructions

programs may or may not be subject to specific citizenship requirements—for details, see Item 8.

Types of Appointments

Trainee. A person appointed to and supported by an Institutional Kirschstein-NRSA or non-NRSA research training award.

Scholar. A person appointed to and supported by an institutional career development award.

Participant. A person appointed to and supported by a research education award.

B. Application

A "Statement of Appointment" form covers the support of an individual for a particular budget period and is required for each new appointment, reappointment, or amended appointment of an individual receiving stipend, tuition costs, or travel expenses as a trainee under a Kirschstein-NRSA or other applicable PHS Institutional training grant. This form may also be used to document the salary and other support provided to an individual as a scholar or participant under a career development or research education program award in which the institution selects and appoints the individual. The form (which is signed by both the individual and the Program Director) must be completed and submitted to PHS at the time the individual starts the appointment or reappointment, or, in the case of an amendment, as soon as the change occurs. If there are multiple Program Directors on the award, the contact PD should sign.

For new postdoctoral trainees appointed to Kirschstein-NRSA institutional grants, a signed and dated [payback agreement](#) must be submitted with this appointment form before a stipend or other allowance may be paid.

C. Submission

The original should be sent to the awarding component. A copy should also be given to the trainee, scholar, or participant, the Program Director, and Business Official.

III. ITEM-BY-ITEM INSTRUCTIONS

Item 1. PHS Grant Number. Insert the entire PHS Grant Number as shown on the particular Notice of Grant Award from which funds are provided, e.g., 5 T32 GM12453-03 would be listed as Type: 5; Activity Code: T32; ID Serial Number: GM12453-03.

Item 2. Trainee/Scholar/Participant Name. Include maiden name or other names in parentheses where applicable.

Item 3. Sex. Self-explanatory.

Item 4. Type of Action.

New Appointment: When an individual has not been previously supported by this training grant.

Reappointment: When an individual was supported by this grant during a previous budget period, the appointment covered by this form is designated a reappointment. Skip the shaded items if the information provided will be the same as that reported during the prior budget period. Always complete the non-shaded items.

Amendment: "Amendment" pertains only to a change of Item 2 (Name); 9 (Permanent Mailing Address); 15 (Appointment Period); or 20 (Support from this Grant) during a period of appointment for which a "Statement of Appointment" form has already been submitted. Amendments must be submitted as soon as the change occurs. Complete only items 1, 2, 4, 6, 22, 23, and the item(s) to be amended.

PHS 2271 (Rev. 11/07) — Instructions

Figure 111: Statement of Training Appointment (Form PHS 2271) Instructions - continued

Item 5. Prior NRSA Support. Individuals being appointed to a Kirschstein-NRSA Institutional grant for the first time or being reappointed after a break in support must indicate if they have received prior Kirschstein-NRSA support from either an individual award or institutional grant. If yes, specify on the form the dates of support, the level (pre- or post-), the mechanism (Individual award or institutional grant), and the grant number, if known. (See the Program Guidelines for limitations on total period of support.)

Item 6. Social Security Number. Trainees/scholars/participants are asked to voluntarily provide the last four digits of their Social Security Numbers. This information provides the agency with vital information necessary for accurate identification and review of appointments and for management of PHS grant programs. See the Privacy Act Statement at the end of these instructions for further information concerning this request.

Item 7. Birthdate. Self-explanatory.

Item 8. Citizenship. Check the box corresponding to the trainee's, scholar's, or participant's citizenship and visa status. If not a U.S. citizen, list the country of citizenship.

A **noncitizen national** is an individual who, although not a citizen of the United States, owes permanent allegiance to the United States. Individuals in this category are generally born in lands which are not States, but which are under U.S. sovereignty, jurisdiction, or administration (e.g., American Samoa).

Kirschstein-NRSA trainees and Institutional career development scholars must be U.S. citizens, non-citizen nationals, or permanent residents of the United States. Individuals on temporary or student visas are not eligible. Trainees or scholars in these programs who are permanent residents of the U.S. must submit a notary's signed statement with this appointment form certifying that they have (1) a Permanent Resident Card (USCIS Form I-551), or (2) other legal verification of such status.

Trainees in non-NRSA research training programs and participants in research education award programs should consult the applicable Funding Opportunity Announcement (FOA) for citizenship requirements.

Item 9. Permanent Mailing Address. Give an address where the appointed individual can be reached by mail after completion of the program. (Do not give present address unless it is considered permanent as defined above.)

Items 10-13. Race/Ethnicity/Disability/Disadvantaged Background. Responses to these items will help provide statistical information on the participation of individuals from diverse groups in Public Health Service (PHS) programs and identify inequities in terms of recruitment and retention based on race, ethnicity, disability and/or disadvantaged background.

Trainees, scholars, and participants are strongly encouraged to provide this information, however declining to do so will in no way affect their appointments.

This information will be retained by the PHS in accordance with and protected by the Privacy Act of 1974. Racial/ethnic/disability/background data are confidential and all analyses utilizing the data will report aggregate statistical findings only and will not identify individuals. (See the Privacy Act Statement at the end of these instructions for more information.)

10. Are you Hispanic (or Latino)?

Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term, "Spanish origin," can be used in addition to "Hispanic or Latino".

PHS 2271 (Rev. 11/07) — Instructions

Figure 112: Statement of Training Appointment (Form PHS 2271) - continued

11. What is your racial background?
Check one or more.

American Indian or Alaska Native. A person having origins in any of the original peoples of North, Central, or South America and maintains tribal affiliation or community.

Asian. A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American. A person having origins in any of the black racial groups of Africa. Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American."

Native Hawaiian or Other Pacific Islander. A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White. A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

12. Do you have a disability?

Disability: A physical or mental impairment that substantially limits one or more major life activities.

13. Are you from a disadvantaged background?

Disadvantaged Background: An individual is considered to be from a disadvantaged background if he or she:

1. Comes from a family with an annual income below established low-income thresholds, published by the U.S. Bureau of the Census, adjusted annually for changes in the Consumer Price Index; and adjusted by the Secretary for use in all health professions programs. The Secretary periodically publishes these income levels at <http://aspc.hhs.gov/poverty/index.shtml>. Individuals falling in this category must have qualified for Federal disadvantaged assistance or have received Health Professional Student Loans (HPSL), Loans for Disadvantaged Student Program, or scholarships from the U.S. Department of Health and Human Services under the Scholarship for Individuals with Exceptional Financial Need.
2. Comes from a social, cultural, or educational environment, such as that found in certain rural or inner-city environments, that has demonstrably and recently directly inhibited the acquisition of the knowledge, skills, and abilities necessary to develop and participate in a research career. This category is most applicable to high school and perhaps undergraduate students, but more difficult to justify for individuals beyond that level of achievement.

Item 14. Field of Training (FOT). Provide a single numeric FOT code from the list below that best fits the research training that will be provided during the appointment. Use the subcode (nonbold lowercase) unless the broader category (bold uppercase) fits best.

Item 15. Period of this Appointment. The period shown in most cases will be 12 months. Appointment periods may exceed 12 months in rare cases and only with prior approval from the PHS. The amount of the stipend/salary and tuition for each full period of appointment must be obligated from funds available at the time the appointment begins, unless other arrangements have been made with PHS.

Other instructions should be requested where institutional accounting practice precludes obligations of stipend/salary and tuition in the amount required for the full appointment period.

Item 16. Education. List undergraduate, master's, and doctoral degrees and the month and year earned.

Item 17. Specialty Boards. If applicable, select a specialty from the attached list. If not applicable, indicate N/A.

Items 18-19. Degrees Sought. Provide the degree sought under the award. Indicate whether the appointee is in a dual degree program (e.g., M.D./Ph.D.).

Include the date that all degree requirements are expected to be completed.

Item 20. Support for Period of Appointment. Indicate the total amount the appointee expects to receive from the grant during the appointment period. For trainees, provide stipend amount, tuition/fees, and travel. For career development scholars and research education award participants, report only the salary or subsistence allowance to be received from the grant, on the line for stipend/salary/other compensation.

Item 21. Statement of Nondelinquency on U.S. Federal Debt. A "Statement of Nondelinquency on Federal Debt" is required for each particular appointment period and is to be completed by each individual (trainee) appointed to receive financial support under a PHS institutional training grant.

If the prospective trainee is delinquent on Federal debt, the PHS must review the explanation required to be provided on, or attached to, the form. In such case the PHS shall (a) take such information into account when determining whether the prospective trainee is responsible with respect to that appointment, and (b) consider not approving the appointment until payment is made or satisfactory arrangements are made with the agency to whom the debt is owed.

Therefore, it may be necessary for the PHS to contact the prospective trainee before the appointment can be approved to confirm the status of the debt and ascertain the payment arrangements for its liquidation. Individuals failing to liquidate indebtedness to the Federal Government in a businesslike manner place themselves at risk of not receiving PHS financial assistance.

PHS 2271 (Rev. 11/07) — Instructions

Figure 115: Statement of Training Appointment (Form PHS 2271) - continued

The PHS awarding component shall notify the sponsoring Institution in writing of its decision regarding the approval of a prospective appointee where this form discloses delinquency on Federal debt.

The trainee must check the appropriate box. If the "Yes" box is checked, please provide an explanation in the space provided. The question applies only to the person requesting financial assistance, and does not apply to the person who signs the form as the Program Director.

Examples of Federal Debt include delinquent taxes, audit disallowances, guaranteed or direct student loans, FHA loans, business loans, and other miscellaneous administrative debts. For purposes of this certification, the following definitions of "delinquency" apply:

- For direct loans and fellowships (whether awarded directly to the applicant by the Federal Government or by an Institution using Federal funds), a debt more than 31 days past due on a scheduled financial payment. (This definition excludes service payback under a National Research Service Award.)
- For guaranteed and insured loans, recipients of a loan guaranteed by the Federal Government that the Federal Government has repurchased from a lender because the borrower breached the loan agreement and is in default.
- For grants, organizations in receipt of a "Notice of Grants Cost Disallowance" which have not repaid the disallowed amount or which have not resolved the disallowance. (This definition excludes disallowance in an "appeal" status.)

Privacy Act Statement

The PHS maintains application and grant records as part of a system of records as defined by the Privacy Act: 09-25-D112, Grants and Cooperative Agreements: Research, Research Training, Fellowship, and Construction Applications and Related Awards. The Privacy Act of 1974 (5 USC 522a) allows disclosures for "routine uses" and permissible disclosures.

Some routine uses may be:

1. To the cognizant audit agency for auditing.
2. To a Congressional office from a record of an individual in response to an inquiry from the Congressional office made at the request of that individual.
3. To qualified experts, not within the definition of DHHS employees as prescribed in DHHS regulations (45 CFR 5b.2) for opinions as part of the application review process.
4. To a Federal agency, in response to its request, in connection with the letting of a contract or the issuance of a license, grant, or other benefit by the requesting agency, to the extent that the record is relevant and necessary to the requesting agency's decision on the matter;
5. To organizations in the private sector with whom PHS has contracted for the purpose of collating, analyzing, aggregating, or otherwise refining records in a system. Relevant records will be disclosed to such a contractor, who will be required to maintain Privacy Act safeguards with respect to such records.
6. To the sponsoring organization in connection with the review of an application or performance or administration under the terms and conditions of the award, or in connection with problems that might arise in performance or administration if an award is made.
7. To the Department of Justice, to a court or other tribunal, or to another party before such tribunal, when one of the following is a party to litigation or has any interest in such litigation, and the DHHS determines that the use of such records by the Department of Justice, the tribunal, or the other party is relevant and necessary to the litigation and would help in the effective representation of the governmental party.
 - a. the DHHS, or any component thereof;
 - b. any DHHS employee in his or her official capacity;
 - c. any DHHS employee in his or her individual capacity where the Department of Justice (or the DHHS, where it is authorized to do so) has agreed to represent the employee; or
 - d. the United States or any agency thereof, where the DHHS determines that the litigation is likely to affect the DHHS or any of its components.
8. A record may also be disclosed for a research purpose, when the DHHS:
 - a. has determined that the use or disclosure does not violate legal or policy limitations under which the record was provided, collected, or obtained;
 - b. has determined that the research purpose (1) cannot be reasonably accomplished unless the record is provided in individually identifiable form, and (2) warrants the risk to the privacy of the individual that additional exposure of the record might bring;
 - c. has secured a written statement attesting to the recipient's understanding of, and willingness to abide by, these provisions; and
 - d. has required the recipient to:
 - (1) establish reasonable administrative, technical, and physical safeguards to prevent unauthorized use or disclosure of the record;
 - (2) destroy the information that identifies the individual at the earliest time at which removal or destruction can be accomplished consistent with the purpose of the research project, unless the recipient has presented adequate justification of a research or health nature for retaining such information; and
 - (3) make no further use or disclosure of the record, except (a) in emergency circumstances affecting the health or safety of any individual, (b) for use in another research project, under these same conditions, and with written authorization of the DHHS, (c) for disclosure to a properly identified person for the purpose of an audit related to the research project, if information that would enable research subjects to be identified is removed or destroyed at the earliest opportunity consistent with the purpose of the audit, or (d) when required by law.

The Privacy Act also authorizes discretionary disclosures where determined appropriate by the PHS, including to law enforcement agencies, to the Congress acting within its legislative authority, to the Bureau of the Census, to the National Archives, to the General Accounting Office, pursuant to a court order, or as required to be disclosed by the Freedom of Information Act of 1974(5 USC 552) and the associated DHHS regulations (45 CFR Part 5).

Appendix B – Termination Notice (Form 416-7)

Information and Instructions for Completing a Termination Notice

(Completed form should be mailed to the PHS awarding agency Grants Management Office named in the Notice of Award)

This form summarizes the information to be supplied by Ruth L. Kirschstein National Research Service Award (NRSA) recipients on termination of their award and for a limited period thereafter. This form may also be used to document the termination of appointments to non-NRSA institutional research training programs (e.g., T15), research education awards (e.g., R25), and institutional career development awards (e.g., K12). For non-NRSA recipients, please refer to specific guidance on documenting the termination of appointments in the Funding Opportunity Announcement, and in the terms and conditions of the Notice of Award.

ALL KIRSCHSTEIN–NRSA RECIPIENTS

(1) The attached Termination Notice (PHS 416-7) serves as the official record of your training under a Kirschstein–NRSA. This summary of work accomplished, support period, stipends received, and post-training activity is required of all recipients immediately after termination. After securing proper signatures, forward the completed form to the appropriate awarding office (National Institutes of Health (NIH) Institute or Center or Agency for Healthcare Research and Quality (AHRQ)). This form may be filled out online and then printed for submission.

(2) Because the sponsoring Federal agencies are asked periodically to review Kirschstein–NRSA program impact in terms of career choices, you may be contacted after the termination of this award, but no more frequently than once every 2 years, to determine how the training obtained has influenced your career.

KIRSCHSTEIN–NRSA POSTDOCTORAL RECIPIENTS WITH A PAYBACK OBLIGATION

(1) As specified in the Payback Agreement you signed at the time of award, biomedical or behavioral health-related research, health-related teaching, and/or health-related activities must begin within 2 years of terminating Kirschstein–NRSA support; otherwise, unless an extension of the 2 year service initiation period or a waiver of the obligation is granted, financial payback becomes due. Further details are given in the [Payback Agreement](#) and the National Research Service Awards section of the most recent version of the NIH Grants Policy Statement found at: <http://www.nih.gov/grants/policy/policy.htm>. If you have any questions, contact the awarding office that supported your training.

(2) To record your payback status and service, you will receive from the sponsoring Federal agency an Annual Payback Activities Certification (APAC) (PHS 6031-1) form one year after your termination date and annually thereafter until your service obligation has been completed.

(3) You are required to keep the Federal funding agency informed of your current address and telephone number until your total payback obligation is satisfied. Report any change to the NRSA Payback Service Center, Office of Extramural Programs, National Institutes of Health, 6011 Executive Boulevard, Suite 206, MSC 7650, Bethesda, MD 20892-7650; (301) 594-1835; (800) 298-8371.

SPECIFIC INSTRUCTIONS FOR ITEMS ON THE TERMINATION NOTICE

(Item 1) Where applicable, include in parentheses any maiden name or other name used. This information is helpful in identifying past records and publications.

(Item 2) Provide the complete grant or award number of the budget period supporting your last year of research training, career development or education (e.g., 5 T32 GM 60654-08).

(Item 3) Self-explanatory.

(Item 4) The last four digits of your Social Security Number are requested under authority of the Public Health Service Act as amended (42 USC 288). This information provides the sponsoring Federal agency with vital information necessary for accurate identification and review of terminated appointments and fellowships and, where applicable, to establish and maintain an accurate payback record file. Providing this portion of your Social Security Number is voluntary and you will not be deprived of any Federal rights, benefits, or privileges for refusing to disclose it.

(Item 5) Include the degree(s) sought or earned during the period of support and the date all degree(s) requirements were (or will be) completed.

(Item 6) Self-explanatory.

(Item 7) For Kirschstein–NRSA Awards Only – Provide information on your total Kirschstein–NRSA stipend support under the parent fellowship or training grant of which the number in Item 2 is a part. For domestic non-Federal institutions, the "Amount of Stipend" column must reflect the stipend only. Individual fellows sponsored by

PHS 416-7 (Rev. 9/08) Instructions

(training et) Federal or foreign institutions must include all money paid directly to them by government check in the "Amount of Stipend" column. Note the stipend amount must reflect only the Kirschstein-NRSA stipend. Do not include any supplementation provided by other sources. Do not include any other NRSA-awarded costs such as tuition or institutional allowance.

(Item 8) Self-explanatory.

(Item 9a) Please mark a single box under each of the three categories that best describes your anticipated post-award position, activity, and the organization with which you will be affiliated.

(Items 9b and 9c) Provide post-award title, address, and phone number, if known.

(Item 10) For Kirschstein-NRSA Awards Only – Provide an address where information regarding post-Kirschstein-NRSA training may be sent.

(Item 11) For Kirschstein-NRSA Awards Only – Provide information on prior support from other Kirschstein-NRSA grants and awards and/or National Health Service Corps (NHSC) scholarships for which you still have a service obligation. If you are currently participating in the NIH Loan Repayment Program, check "LRP." This information will be used to develop a complete service obligation record.

(Item 12) In signing this form, I certify that the statements therein are true and complete to the best of my knowledge. Willful provision of false information is a criminal offense (U.S. Code, Title 18, Section 1001). I am

aware that any false, fictitious, or fraudulent statement may, in addition to other remedies available to the Government, subject me to civil penalties under the Program Fraud and Civil Remedies Act of 1986 (45 CFR Part 79). Also, if I have a payback obligation, I understand that payback service must begin within 2 years of terminating my Kirschstein-NRSA support; otherwise, financial payback becomes due, unless an extension of the 2-year service initiation period or a waiver of the obligation is granted. I also understand that if I fail to repay both principal and interest, the Federal Government will take authorized actions to collect the debt.

(Item 13) The sponsor of (for individual fellowship awards) or the contact Program Director (for an institutional award) must sign and date the form certifying that the research training information is correct.

(Item 14) For Kirschstein-NRSA Awards Only – A business official of domestic non-Federal sponsoring institutions (with the knowledge and authority to verify this information) must certify that the information provided in Items 6 and 7 is correct according to institutional records.

NIH estimates that it will take 30 minutes to complete this form. This includes time for reviewing the instructions, gathering needed information, and completing and reviewing the form. An agency may not contact or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. If you have comments regarding this burden estimate or any other aspect of this burden, send comments to: NIH, Project Clearance Office, 8725 Rockledge Drive MSC 7674, Bethesda, MD 20892-7674, ATTN: PRA (606-9900). DO NOT RETURN THE COMPLETED FORM TO THIS ADDRESS.

Privacy Act Statement

The Public Health Service requests this information pursuant to statutory authorities contained in Section 405(k) and 407 of the Public Health Service Act, as amended (42 USC 284b(1)(C) and 285), and other statutory authorities (42 USC 242(a), 200(b)(4), and 29 USC 572). The information collected will facilitate postaward management and evaluation of PHS programs. Ruth L. Kirschstein National Research Service Awardees agreed to complete and submit this form as part of the Payback Agreement and Activation Notice signed when support started. Information on the period of support and stipend received will be used to verify and establish in the PHS the official record of the fellow's or trainee's payback obligation to the Federal government. The social security number is requested to provide a reliable identifier that will assist in establishing an accurate and complete record for each individual. It is particularly useful in maintaining effective communication with those individuals who have incurred payback obligations through their participation in the Ruth L. Kirschstein National Research Service Award program. Failure to provide the social security number may seriously diminish PHS's capability to credit the account of the proper trainee who is fulfilling the payback requirement by either acceptable service and/or monetary repayment. Failure to provide the social security number will not be a basis for withholding benefits.

The PHS maintains application and grant records as part of a system of records as defined by the Privacy Act: 09-25-0006, "Extramural Awards and Chartered Advisory Committees." The Privacy Act of 1974 (5 USC 552a) allows disclosures for "routine uses" and permissible disclosures.

Routine uses include:

1. To the cognizant audit agency for auditing.
2. To a Congressional office from a record of an individual in response to an inquiry from the Congressional office made at the request of that individual.
3. To qualified experts, not within the definition of DHHS employees as prescribed in DHHS regulations (45 CFR 5b.2) for opinions as part of the application review process.
4. To a Federal agency, in response to its request, in connection with the letting of a contract or the issuance of a license, grant, or other benefit by the requesting agency, to the extent that the record is relevant and necessary to the requesting agency's decision on the matter.
5. To organizations in the private sector with whom PHS has contracted for the purpose of collating, analyzing, aggregating, or otherwise refining records in a system. Relevant records will be disclosed to such a contractor, who will be required to maintain Privacy Act safeguards with respect to such records.
6. To the sponsoring organization in connection with the review of an application or performance or administration under the terms and conditions of the award, or in connection with problems that might arise in performance or administration if an award is made.
7. To the Department of Justice, to a court or other tribunal, or to another party before such tribunal, when one of the following is a party to litigation or has any interest in such litigation, and the DHHS determines that the use of such records by the Department of Justice, the tribunal, or the other party is relevant and necessary to the litigation and

would help in the effective representation of the governmental party.

- a. the DHHS, or any component thereof;
- b. any DHHS employee in his or her official capacity;
- c. any DHHS employee in his or her individual capacity where the Department of Justice (or the DHHS, where it is authorized to do so) has agreed to represent the employee; or
- d. the United States or any agency thereof, where the DHHS determines that the litigation is likely to affect the DHHS or any of its components.

8. A record may also be disclosed for a research purpose, when the DHHS:

- a. has determined that the use or disclosure does not violate legal or policy limitations under which the record was provided, collected, or obtained;
- b. has determined that the research purpose (1) cannot be reasonably accomplished unless the record is provided in individually identifiable form, and (2) warrants the risk to privacy of the individual that additional exposure of the record might bring;
- c. has secured a written statement attesting to the recipient's understanding of, and willingness to abide by, these provisions; and
- d. has required the recipient to:
 - (1) Establish reasonable administrative, technical, and physical safeguards to prevent unauthorized use or disclosure of the record;
 - (2) Remove or destroy the information that identifies the individual at the earliest time at which removal or destruction can be accomplished consistent with the purpose of the research project, unless the recipient has presented adequate justification of a research or health nature for retaining such information; and
 - (3) Make no further use or disclosure of the record, except (a) in emergency circumstances affecting the health or safety of any individual, (b) for use in another research project, under these same conditions, and with written authorization of the DHHS, (c) for disclosure to a properly identified person for the purpose of an audit related to the research project, if information that would enable research subjects to be identified is removed or destroyed at the earliest opportunity consistent with the purpose of the audit, or (d) when required by law.

The Privacy Act also authorizes discretionary disclosures where determined appropriate by the PHS, including to law enforcement agencies, to the Congress acting within its legislative authority, to the Bureau of the Census, to the National Archives, to the General Accounting Office, pursuant to a court order, or as required to be disclosed by the Freedom of Information Act of 1974 (5 USC 552) and the associated DHHS regulations (45 CFR Part 5).

Form Approved Through 09/30/2011	OMB No. 0925-0002
Ruth L. Kirschstein National Research Service Award Payback Agreement	
<p>To be completed by Trainees and Fellows before beginning the first 12 months of <u>postdoctoral</u> support (Completed form should be mailed to the awarding Federal Agency Grants Management Office named in the Notice of Award)</p>

<p>Introduction-Section 1502 of the NIH Revitalization Act of 1993, which was signed into law on June 10, 1993, contains provisions which substantially modify the service payback requirements for individuals receiving Ruth L. Kirschstein National Research Service Awards (NRSA). These modifications apply to individuals beginning Kirschstein-NRSA-supported appointments or fellowship awards on or after June 10, 1993. Under these requirements:</p> <ul style="list-style-type: none"> • Predoctoral Kirschstein-NRSA recipients will <u>not</u> incur a payback obligation; • Postdoctoral Kirschstein-NRSA recipients will incur a payback obligation only during the initial 12 months of postdoctoral Kirschstein-NRSA support; • Postdoctoral Kirschstein-NRSA recipients in the 13th or subsequent months of Kirschstein-NRSA support do <u>not</u> incur any additional payback obligation. <p>Under the new requirements, payback obligations stemming from postdoctoral Kirschstein-NRSA support may be discharged in the following ways:</p> <ul style="list-style-type: none"> • By receiving an equal period of postdoctoral Kirschstein-NRSA support beginning in the 13th month of such postdoctoral Kirschstein-NRSA support; • By engaging in an equal period of health-related research, research training, and/or health-related activities that averages at least 20 hours per week based on a full work year; • By engaging in an equal period of health-related teaching that averages at least 20 hours per week based on a full work year. <p>Kirschstein-NRSA appointments or individual awards will be governed by the service payback requirements articulated in the National Research Service Award Guidelines. These guidelines can be found in the NRSA portion of the most recent version of the NIH Grants Policy Statement found at: http://grants.nih.gov/grants/policy/policy.htm</p> <p>For additional questions regarding the Payback Agreement contact:</p>	<p>I. SERVICE REQUIREMENT</p> <p>In accepting a Ruth L. Kirschstein National Research Service Award to support my postdoctoral research training, I understand that my first 12 months of Kirschstein-NRSA support for postdoctoral research training carries with it a payback obligation. I hereby agree to engage in a month of health-related research, health-related research training, or health-related teaching for each month I receive Kirschstein-NRSA support for postdoctoral research training up to and including 12 months. If I receive Kirschstein-NRSA support for postdoctoral research training for more than 12 months, I agree that the 13th month and each subsequent month of Kirschstein-NRSA-supported postdoctoral research training will satisfy a month of my payback obligation incurred in the first 12 months. This service shall be initiated within 2 years after termination of Kirschstein-NRSA support. The research, teaching, and/or health-related activities shall be on a continuous basis and shall average at least 20 hours per week of a full work year. For information regarding deferral of the NRSA obligation due to participation in the NIH Loan Repayment Program see: http://www.lrp.nih.gov.</p> <p>II. FINANCIAL PAYBACK PROVISIONS</p> <p>I understand that if I fail to undertake or perform such service in accordance with Section I, the United States will be entitled to recover from me an amount determined in accordance with the following formula:</p> $A = F [(12-t)/t]$ <p>Where "A" is the amount the United States is entitled to recover; "F" is the sum of the total amount paid to me under the initial 12 months of my postdoctoral Ruth L. Kirschstein National Research Service Award support; "t" is the total number of months in my service obligation; and "a" is the number of months of such obligation served.</p> <p>Except as provided in Section II below, any amount the United States is entitled to recover from me shall be paid within the 3-year period beginning on the date the United States becomes entitled to recover such amount. The United States becomes entitled to recover such amount 2 years after termination of my Ruth L. Kirschstein National Research Service Award support if I do not engage in</p>

acceptable service payback activities in accordance with Section I. If I elect to engage in financial repayment before the end of the 2-year period, the United States becomes entitled to recover such amount on the date of my election. Interest on the amount begins on the date the United States becomes entitled to recover such amount and is at the rate fixed by the Secretary of the Treasury after taking into consideration private consumer rates prevailing on that date. I understand that I will be allowed an initial 30-day interest-free period in which to fully pay such amount, and that I may prepay any outstanding balance after that period to avoid additional interest. I further understand that I will be subject to authorized debt collection action(s) (including any accrued interest and late fees) should I fail to comply with the payback provisions of this Section II.

III. CONDITIONS FOR BREAK IN SERVICE, WAIVER, AND CANCELLATION

I hereby understand that the Secretary of Health and Human Services:

A. May extend the period for undertaking service, permit breaks in service, or extend the period for repayment, if it is determined that:

- Such an extension or break in service is necessary to complete my clinical training or to participate in a NIH Loan Repayment Program;
- Completion would be impossible because of temporary disability; or
- Completion would involve a substantial hardship and failure to extend such period would be against equity and good conscience;

B. May waive my obligation, in whole or in part, if it is determined that:

- Fulfillment would be impossible because I am permanently and totally disabled; or
- Fulfillment would involve a substantial hardship and the enforcement of such obligation would be against equity and good conscience;

C. Will, in the event of my death, cancel any obligation incurred under this payback agreement.

IV. TERMINATION NOTICE – ANNUAL REPORT OF EMPLOYMENT – CHANGE OF ADDRESS AND/OR NAME

I agree to complete and submit a Termination Notice (PHS 416-7) immediately upon completion of Kirschstein-NRSA support. Thereafter, on an annual basis I agree to complete and submit Annual Payback Activities Certification forms sent to me by the awarding Federal Agency concerning post-award activities, and agree to keep the awarding Federal Agency advised of any change of address and/or name until such time as my total obligation is fulfilled.

V. PROGRAM EVALUATION

I understand that I may also be contacted from time to time, but no more frequently than once every 2 years, after the termination of this award to determine how the training obtained has influenced my career. Any information thus obtained would be used only for statistical purposes and would not identify me individually.

VI. CERTIFICATION

By signing the certification block below, I certify that I have read and understood the requirements and provisions of this assurance and that I will abide by them if an award is made.

NIH estimates that it will take 5 minutes to complete this form. This includes time for reviewing the instructions, gathering needed information, and completing and reviewing the form. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
